Chronology of NCIP events for COC 185 & 186

ISSUES AND CONCERNS during PNOC EC's APPLICATION for CP for COC 185 and COC 186

- 1. There were too many delays in the entire FPIC process mainly due to lack of NCIP personnel.
 - five (5) months for NCIP Provincial Office to convene FBI team
 - nine (9) months to prepare the FPIC Reports.
- 2. The FPIC team **overlooked the requirements of NCIP A.O. 03, s. 2012** requiring the coverage of the FPIC to include all barangays within the Ancestral Domain. This led to further delays in the implementation of the Community Consultative Assemblies.
- 3. RRT found several lacking/misplaced documents in the FPIC Reports
- 4. CP application for exploration project (a non-revenue generating project) took **5 years and 5 months**.

Streamlining the FBI and FPIC Processes in COC No. 41

- Pre-FBI Conference in early September 2018 to MOA Signing at the end of February 2019 (6 months)
- Getting the commitment of the NCIP Regional and Provincial Office to avoid delays in the C.P. processing
 - 1. Additional manpower to assist the NCIP Provincial Office in documentation and facilitating the assemblies and meetings. (Lack of NCIP Personnel, Incomplete documentation, Delays)
 - FBI conducted only in ADs where no recent FBIs have been conducted. (Delays)
 - 3. Community Consultative Assemblies conducted per AD, instead of per barangay, subject to consent of the community. (Delays)
